(2) أنشطة الاستثمار خلال الفترة

جميع أنشطة الصندوق الاستثمارية متوافقة مع أهداف الصندوق الاستثمارية ومع جميع شروط وأحكام الصندوق ومع القوانين التي يخضع لها. حافظ الصندوق على مستوى كافي من التنوع الاستثماري الذي مكن الصندوق من تحقيق أهدافه الاستثمارية مع الإلتزام بالإجراءات الداخلية و الضوابط الشرعية.

مراجعة السوق والاقتصاد السعودي:

شهد الاقتصاد السعودي استمراراً في مسار النمو مدفوعاً بتوسع الأنشطة غير النفطية وتسارع وتيرة الإصلاحات الاقتصادية ويُقدَّر نمو الناتج المحلي الإجمالي الحقيقي بنحو 4.4% خلال عام 2025، مدعوماً بشكل رئيسي بأداء قوي للقطاعات غير النفطية، والتي يُتوقع أن تحقق نمواً يقارب 5%، في ظل استمرار جهود الحكومة لإطلاق مبادرات اقتصادية تعزز تنوع الاقتصاد وتزيد من مشاركة القطاع الخاص في مختلف الأنشطة الاقتصادية. ومن المتوقع أن تبلغ الإيرادات النفطية نحو 590 مليار ريال سعودي في عام 2025، مسجلة انخفاضاً بنسبة 22% مقارنة بالفترات السابقة، ويعزى ذلك بشكل رئيسي إلى تراجع متوسط أسعار النفط المحققة رغم ارتفاع مستويات الإنتاج. وقد

انعكس هذا التراجع على عجز الميزانية العامة الذي يُتوقع أن يتسع ليصل إلى 245 مليار ريال في عام 2025، ما يعادل نحو من الناتج المحلي الإجمالي، مقارنة بـ 101 مليار ريال في عام 2024 بـ 5.3%.

ومن المرجح أن يبلغ عجز الميزانية نحو 165 مليار ريال في عام 2026، نتيجة لانخفاض إجمالي الإيرادات المتوقعة، إلى جانب استمرار الحكومة في تنفيذ برامج الإنفاق الرأسمالي والاستثمار في مشاريع التحول الاقتصادي والبنية التحتية، والتي تهدف إلى تعزيز الاستدامة الاقتصادية وتقليل الاعتماد على الإيرادات النفطية.

وفي إطار السياسة النقدية، قام البنك المركزي السعودي (ساما) بخفض أسعار الفائدة الأساسية بمقدار 75 نقطة أساس خلال عام 2025، وذلك للحفاظ على ربط الريال السعودي بالدولار الأمريكي، تماشيًا مع قرارات مجلس الاحتياطي الفيدرالي الأمريكي الذي خفّض أسعار الفائدة بواقع 25 نقطة أساس في كل من سبتمبر وأكتوبر وديسمبر. ويبلغ نطاق سعر الفائدة على الأموال الفيدرالية في الولايات المتحدة حاليًا بين 3.50% و3.75%، مع توقعات بإجراء تخفيضين إضافيين في أسعار الفائدة خلال عام 2026.

وعلى الرغم من التحديات الجيوسياسية وتقلبات الأسواق، لا سيما في قطاع النفط، إضافة إلى تأخر تنفيذ بعض المشاريع نتيجة تحديات التشغيل والتنفيذ، فمن المتوقع أن يسجل الاقتصاد السعودي نموًا في الناتج المحلي الإجمالي الحقيقي بنحو في عام 2026. ويُعزى هذا النمو المتوقع إلى استمرار الزخم الإيجابي في القطاع غير النفطي وارتفاع مستويات الإنفاق 4.6% على المشاريع التنموية والعملاقة، مثل مشروع نيوم، والقدية، والبحر الأحمر العالمية، وحديقة الملك سلمان، ومشروع الرياض الخضراء، وروشن، والدرعية، والتي تمثل ركائز أساسية لتحقيق رؤية المملكة 2030، إضافة إلى دورها في دعم استضافة الفعاليات الدولية الكبرى مثل إكسبو 2030 وبطولة كأس العالم لكرة القدم.

سجّل مؤشر السوق المالية السعودية (تاسي) تراجعًا بنسبة 12.84% خلال عام 2025، متأثرًا بعدة عوامل رئيسية من أبرزها، تشدد مستويات السيولة، وفرض الرسوم الجمركية الأمريكية في أبريل 2025، إضافة إلى التوترات الجيوسياسية في المنطقة بما في ذلك الأحداث العسكرية التي استمرت لمدة 12 يومًا في يونيو 2025. وجاء ذلك بالرغم من الأداء الإيجابي لبعض الشركات الكبرى، حيث ارتفعت أرباح شركة أرامكو السعودية بنسبة 5% على أساس نتائج الأشهر التسعة.

وشهدت القطاعات المختلفة أداءً متباينًا، حيث حافظ القطاع المصرفي على مستويات ربحية مستقرة رغم تراجع هامش صافي الفائدة نتيجة تخفيض أسعار الفائدة. في المقابل، واجهت شركات قطاع البتروكيماويات والمواد الأساسية ضغوطًا على أداؤها والديزل خلال عام 2025 (HFO) نتيجة استمرار ضعف الأساسيات التشغيلية وارتفاع أسعار زيت الوقود عالي الكبريت.

كما تحوّلت معنويات المستثمرين إلى الاتجاه السلبي خلال الربع الأول من عام 2025، مع تسجيل بعض الارتدادات المؤقتة التي لم تتمكن من تكوين زخم مستدام في السوق. ويظهر ذلك بوضوح من خلال انخفاض إجمالي قيمة التداول بنسبة 30% لتصل إلى نحو 1.299 تريليون ريال سعودي خلال عام 2025.

وعلى صعيد الطروحات الأولية، شهدت السوق 13 طرحًا أوليًا في السوق الرئيسية بقيمة إجمالية بلغت نحو 14.4 مليار ريال سعودي خلال عام 2025، وهو مستوى قريب من حجم الطروحات المسجل في عام 2024.

أما على مستوى أداء الشركات، فقد تصدرت قائمة أكبر الشركات ارتفاعًا كل من:

البابطين (+65%)، EIC (+54.7%)، أبو معطي (+48%)، سينومي ريتيل (+45%)، والكابلات السعودية (+39%).

في المقابل، جاءت أكبر التراجعات في أسهم كل من:

سنيج (-64%)، جلف جنرال (-62%)، كيماونول (-60%)، UCA (-58%)، وأنعام القابضة (-56%).

وفيما يلي ملخص للقيمة السوقية لمحفظه الاستثمارات حسب القطاع في نهاية عام 2025م:

القطاع	القيمة السوقية
--------	----------------

447,836,210	أسهم قطاع المواد الأساسية
313,064,691	أسهم الخدمات المالية
155,205,208	أسهم خدمات المستهلك

OPINION

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Derayah Freestyle Saudi Equity Fund (the "Fund") managed by Derayah Financial Company (the "Fund Manager") as at 31 December 2025, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

We have audited the financial statements of the Fund, which comprise the following:

- The statement of financial position as at 31 December 2025;
- The statement of profit or loss and other comprehensive income for the year then ended;
- The statement of changes in net assets (Equity) attributable to unitholders for the year then ended;
- The statement of cash flows for the year then ended, and;
- The notes to the financial statements, comprising material accounting policy information and other explanatory notes.

BASIS FOR OPINION

We conducted our audit in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent from the Fund in accordance with the International Code of Ethics for Professional Accountants that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA and the Fund's terms and conditions and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS OF DERAYAH FREESTYLE SAUDI EQUITY FUND
(MANAGED BY DERAYAH FINANCIAL COMPANY)
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(2 / 3)

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS (CONTINUED)

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, i.e. the Board of Directors, are responsible for overseeing the Fund's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund's to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

1. FUND AND ITS ACTIVITIES

Derayah Freestyle Saudi Equity Fund (the "Fund") is an open-ended fund. The Fund aims to develop capital over the long-term by investing mainly in companies listed on the Saudi Stock Exchange ("Tadawul"), in the parallel market ("Nomu"), and tradeable rights and initial offerings in Saudi Arabia. The Fund can also invest in the financial markets of other countries (globally). All investments of the Fund shall be in accordance with Sharia standards approved by the Sharia Committee of the Fund. The Fund Manager will also invest in real estate traded funds and Exchange-Traded Funds ("ETFs"). The Fund will not distribute dividends to its unitholders, however all profits will be reinvested by the Fund.

The Fund is managed by Derayah Financial Company (the "Fund Manager"), a joint stock company licensed by the Capital Market Authority of the Kingdom of Saudi Arabia ("CMA") under license number 90810- 27. Albilad Investment Company (the "Custodian") is appointed as the custodian of the Fund (2024: Albilad Investment Company).

The registered office address of the Fund Manager is P.O. Box 286546, Riyadh 11323, Kingdom of Saudi Arabia.

The Fund commenced its operations on 29 March 2016.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) thereafter amended on 16 Sha'ban 1437H (corresponding to 23 May 2016). The regulation was further amended (the "Amended Regulations") on 17 Rajab 1442H (corresponding to 1 March 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations have effective dates starting from 19 Ramadan 1442H (corresponding to 1 May 2021).

3. BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

3.2 Basis of measurement functional and presentation currency

These financial statements have been prepared under the historical cost convention using accrual basis of accounting and the concept of going concern except for the measurement of investments carried at fair value through profit or loss. These financial statements are presented in Saudi riyals, which is the functional currency and presentation currency of the Fund.

The fund does not have a specific operating cycle and therefore does not display current and non-current assets and liabilities in the statement of financial position, as the Fund displays assets and liabilities in order of liquidity.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

3. BASIS OF PREPARATION (CONTINUED)

3.3 Critical accounting judgments, estimates and assumption

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumption and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

While applying the Fund's accounting policies, management has made the following estimates and judgments that are significant to these financial statements:

A- Judgments

3.3.1 Going concern

The Fund Manager of the Fund has assessed the Fund's ability to continue as a going concern and is satisfied that the Fund has the necessary resources to continue in operating in the future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern. Therefore, these financial statements have been prepared on the going concern basis.

B- Assumptions and estimates

3.3.2 Expected credit losses

In the preparation of these financial statements, management has made a number of significant judgments required in applying the accounting requirements for measuring expected credit loss (ECL), such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing group of similar financial assets for the purposes of measuring ECL.

4. MATERIAL ACCOUNTING POLICIES

The material accounting policies applied in the preparation of these financial statements are explained below:

Cash and cash equivalents

Cash and cash equivalents are measured at amortized cost in the statement of financial position.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Fund becomes a party to the contractual provisions of the instrument.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income. Immediately after initial recognition, an expected credit loss allowance (ECL), if any, is recognized for financial assets measured at amortized cost, as described in Note 3.2, which results in an accounting loss being recognized in the statement of comprehensive income when an asset is newly originated.

Classification and measurement of financial assets

Classification of financial assets

On initial recognition, a financial asset is classified and measured at amortized cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL").

Financial asset at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset at fair value through other comprehensive income ("FVOCI")

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial asset at fair value through profit or loss ("FVTPL")

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL.

The Fund classifies its financial assets either as subsequently measured at amortized cost or measured at fair value through profit or loss.

The classification requirements for debt instruments are described below.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The Fund classifies its equity instruments at fair value through profit or loss (FVTPL). The Fund subsequently measures all equity investments at fair value through profit or loss, except where the Fund Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The Fund's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to trade. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to the statement of comprehensive income, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognized in the statement of comprehensive income when the Fund's right to receive payments is established.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognized where the rights to receive cash flows from the asset have expired, or the Fund has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Fund has:

- Transferred substantially all of the risks and rewards of the asset or
- Neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Fund has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement) and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognizing to the extent of the Fund's continuing involvement in the asset. In that case, the Fund also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained. The Fund derecognizes a financial liability when the obligation under the liability is discharged, cancelled or expired.

Impairment of financial assets

The Fund recognizes loss allowances for ECL on financial assets measured at amortized cost and debt investments measured at FVOCI.

The Fund measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk (i.e., the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition.

Financial liabilities

The Fund classifies its financial liabilities at amortized cost unless it has designated liabilities at FVTPL.

Trade date accounting

All regular way purchases and sales of financial assets are recognized / derecognized on the trade date (i.e., the date that the Fund commits to purchase or sell the assets). Regular way purchases or sales are purchases or sales of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the marketplace

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

Redeemable Units

Redeemable units are classified as equity instruments when:

- The redeemable units entitle the holder to a pro rata share of the Fund's net assets (equity) in the event of the Fund's liquidation
- The redeemable units are in the class of instruments that is subordinate to all other classes of instruments
- All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features
- The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Fund's net assets (equity).
- The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets (equity) or the change in the fair value of the recognized and unrecognized net assets (equity) of the Fund over the life of the instrument.

In addition to the redeemable units having all of the above features, the Fund must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognized net assets (equity) or the change in the fair value of the recognized and unrecognized net assets (equity) of the Fund.
- The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have all the features, or meet all the conditions set out, to be classified as equity, the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognized in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition and cancellation of redeemable units are accounted for as equity transactions.

No gain or loss is recognized in the statement of comprehensive income on the purchase, issuance or cancellation of the Fund's own equity instruments.

Accrued expenses and other payables

Accrued expenses and other payables are recognized initially at fair value and subsequently measured at amortized cost using the effective commission rate method.

Investment transactions

Investment transactions are recognized on a trade date basis.

Management fees and other expenses

Management fees and other expenses are charged at rates / amounts within limits mentioned in terms and conditions of the Fund. Management fees are calculated daily and deducted at the end of each calendar month.

Zakat

zakat is the obligation of the unitholders and therefore, no provision for such liability is made in these financial statements.

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Net asset value

The net asset value per unit as disclosed in the statement of financial position is calculated by dividing the net assets of the Fund by the number of units at the end of the period.

Dividend income

Dividend income, if any is recognized in the statement of comprehensive income on the date on which the right to receive the payment for dividend is established. For quoted equity securities, this is usually the ex-dividend date. Dividend income from equity securities designated as at FVTPL, is recognized in the statement of comprehensive income in a separate line item

Revenue recognition

Revenue is recognized when it is probable that the economic benefits will flow to the fund and the revenue can be measured reliably, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration expected to be received, excluding discounts, taxes and withholdings.

Provision

A provision is recognized when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provision is not recognized for future operating loss.

Net gain or loss on financial assets and liabilities at Fair Value through Profit or Loss ("FVTPL")

Net gains or losses on financial assets and liabilities at FVTPL are changes in the fair value of financial assets held for trading or designated upon initial recognition as at FVTPL and exclude interest and dividend income and expenses.

Unrealized gains and losses comprise changes in the fair value of financial instruments for the year and from reversal of the prior period's unrealized gains and losses for financial instruments which were realized in the reporting period. Realized gains and losses on disposals of financial instruments classified as at FVTPL are calculated using the weighted average cost method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

5. NEW AMENDED STANDARDS AND INTERPRETATIONS:

5.1 Standards and amendments effective in the current period

Amendments to standard	Description	Effective from accounting period beginning on or after	Summary of the amendment	The Fund Manager assessment
IAS 21	Lack of Exchangeability	1 January 2025	The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. The amendments introduce new disclosures to help financial statement users assess the impact of using an estimated exchange rate.	The Fund Manager has assessed the adoption of these amendments and concluded that they did not have a material impact on the Fund's financial position, financial performance, or cash flows for the current reporting period

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements**For the year ended 31 December 2025**

(All Amounts in Saudi Arabian Riyals)

5. NEW AMENDED STANDARDS AND INTERPRETATIONS: (CONTINUED)**5.2 Standards and amendments issued but not yet effective**

The following standards and amendments have been issued but are not yet effective for the reporting period ended 31 December 2025, and have not been early adopted by the Fund:

Amendments to standard	Description	Effective from accounting period beginning on or after	Summary of the standards and amendments	The Fund Manager assessment
IFRS 9 and IFRS 7	Classification and Measurement of Financial Instruments	1 January 2026	The amendments clarify the recognition and derecognition of financial assets and financial liabilities, including settlement date accounting for certain electronic payment systems. They also provide additional guidance on assessing contractual cash flow characteristics of financial assets, including contingent cash flows arising from environmental, social and governance (ESG)-linked features. The amendments also introduce new and updated disclosure requirements in IFRS 7	The Fund Manager has performed a preliminary assessment and does not expect the adoption of these amendments to have a material impact on the Fund's financial statements, as the Fund's financial instruments and settlement arrangements are not expected to be significantly affected.
IFRS 9 and IFRS 7	Contracts Referencing Nature-dependent Electricity	1 January 2026	These amendments modify the 'own use' requirements and hedge accounting provisions in IFRS 9 for contracts that expose entities to variability in electricity prices due to uncontrollable natural conditions such as weather. Targeted disclosure requirements are introduced in IFRS 7.	Based on the nature of the Fund's operations and contractual arrangements, the Fund Manager does not expect these amendments to have a material impact on the Fund's financial statements upon initial application.

Notes to the financial statements**For the year ended 31 December 2025**

(All Amounts in Saudi Arabian Riyals)

5. NEW AMENDED STANDARDS AND INTERPRETATIONS: (CONTINUED)**5.2 Standards and amendments issued but not yet effective (continued)**

Amendments to standard	Description	Effective from accounting period beginning on or after	Summary of the amendment	The Fund Manager assessment
IFRS 18	Presentation and Disclosure in Financial Statements	1 January 2027	IFRS 18 replaces IAS 1 and establishes a new framework for the presentation and disclosure of financial statements. The standard introduces new categories for income and expenses (operating, investing and financing) and requires presentation of new subtotals, including operating profit or loss and profit or loss before financing and income taxes. It also enhances guidance on aggregation and disaggregation, introduces disclosure requirements for management-defined performance measures, and removes classification options for interest and dividends in the statement of cash flows.	The Fund Manager is currently assessing the impact of IFRS 18. While the standard is expected to result in changes to presentation and disclosures, it is not expected to have a material impact on the recognition or measurement of the Fund's assets, liabilities, income or expenses.
IFRS 19	Subsidiaries without Public Accountability	1 January 2027	IFRS 19 permits eligible subsidiaries without public accountability to apply reduced disclosure requirements while continuing to apply full IFRS recognition and measurement principles. The standard affects disclosure requirements only and does not impact recognition or measurement.	The Fund Manager will assess the applicability of IFRS 19 at the date of adoption. The standard is expected to affect disclosure requirements only and is not expected to have a material impact on the Fund's financial position, financial performance or cash flows.

6. CASH AND CASH EQUIVALENTS

	31 December 2025	31 December 2024
Cash in investment account	<u>24,404,174</u>	<u>40,603,992</u>
	<u>24,404,174</u>	<u>40,603,992</u>

6.1 Cash in investment account is held with the custodian. The Fund does not earn profit on these investment accounts.

8. ADVANCE FOR IPO SUBSCRIPTION

During the year, the Fund received final allocation of equity shares pursuant to the IPO subscription made in the prior year. The advance paid in 2024 amounting to SAR 24 million was fully utilized, and the allocated shares were recognized as an equity investment during the year.

9. UNIT TRANSACTIONS

Transactions in units for the year are summarized as follows:

	31 December 2025	31 December 2024
Units at the beginning of the year	42,703,192	21,169,241
Units issued	13,960,831	28,885,593
Units redeemed	(10,087,656)	(7,351,642)
Net change in units	3,873,175	21,533,951
Units at the end of the year	46,576,367	42,703,192

10. MANAGEMENT FEE, ADMINISTRATION AND OTHER EXPENSES

The Fund manager charges a management fee of 1.5% of the Fund's net asset value. The management fee is calculated daily and deducted at the end of each calendar month.

The Fund manager recovers from the Fund any expenses incurred on behalf of the Fund such as audit fees, legal fees and other similar expenses.

Custody fee, 3% annually of the Fund's net asset value for Saudi shares and for money market fund transactions and fixed income instruments, and a maximum of 0.45% of the Fund's net asset value for shares in other countries of the world.

(All Amounts in Saudi Arabian Riyals)

11. TRANSACTIONS AND BALANCE WITH RELATED PARTIES

Related parties of the Fund include Derayah Financial Company (the Fund manager), and Albilad Capital (the custodian). In the ordinary course of its activities, the Fund transacts business with related parties. The related parties' transactions are governed by limits set by the regulations issued by the CMA. All related party transactions are approved by the Fund's Board of directors.

The following are the significant transactions with related parties that the Fund entered into during the year and the balances resulting therefrom:

Related Party	Nature of transactions	Amount of transaction		Closing balance receivable / (Payable)	
		31 December	31 December	31 December	31 December
		2025	2024	2025	2024
Derayah Financial Company	Management Fees	33,313,629	24,759,331	(2,546,994)	(2,743,233)
Albilad Capital	Custody Fees	453,462	371,453	(34,781)	(32,571)
Board of directors	Rewards	40,000	40,000	(40,000)	(40,000)

12. FINANCIAL INSTRUMENTS BY CATEGORY

31 December 2025	Amortized cost	FVTPL
Assets as per statement of financial position		
Cash and cash equivalents	24,404,174	-
Investments carried at FVTPL	-	1,698,272,754
Total	24,404,174	1,698,272,754
31 December 2024	Amortized cost	FVTPL
Assets as per statement of financial position		
Cash and cash equivalents	40,603,992	-
Investments carried at FVTPL	-	1,833,449,930
Total	40,603,992	1,833,449,930

All financial liabilities as at 31 December 2025 and 2024 were classified as financial liabilities measured at amortized cost.

13. ZAKAT

According to the zakat rules for investment funds, investment funds are not subject to the collection of zakat in accordance with the rules for collecting zakat from investors in investment funds, provided that they do not carry out economic activities or investment activities that are not stipulated in the terms and conditions of those investment funds. The fund manager must submit an information declaration to the Authority within a period not exceeding 120 days from the end of the financial year. The Fund manager has registered the Fund and will submit the annual zakat information return to the Authority.

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2025

(All Amounts in Saudi Arabian Riyals)

14. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

The Fund's activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk. The Fund's comprehensive risk management program focuses on the unpredictability of financial markets and seeks to minimize potential negative effects on the Fund's financial performance.

The financial instruments included in these financial statements principally include cash and cash equivalents, investments at fair value through profit or loss, investments at fair value through other comprehensive income, other receivable balances, accrued expenses and management fees payable. The specific identification methods adopted are disclosed in the individual policy statements associated with each item. Financial assets and liabilities, net of amounts reported in the financial statements, are offset when the Fund has a legally enforceable right to cash the recognized amounts and intends either to settle on a net basis, or to realize the asset and liability simultaneously.

Market risk

(i) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and profit rate movements.

The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager diversifies the investment portfolio and closely monitors the price movement of its investments in financial instruments. As of the statement of financial position date, Fund has equity investments in mutual funds.

The following is the impact on the net asset value (equity) as a result of the change in the fair value of investments as of December 31, 2025 and December 31, 2024.

Nature of transactions	31 December 2025		31 December 2024	
	Reasonable possible change %	impact on fair value	Reasonable possible change %	impact on fair value
Investments FVTPL	%1 -/+	16,982,728	%1 -/+	18,334,499

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund is exposed to credit risk in its cash, cash equivalents and other receivable balances. Bank balances are deposited with a Saudi bank with a good financial rating.

The following table shows the maximum exposure to credit risk for the components of the statement of financial position

	31 December 2025	31 December 2024
Cash balances	24,404,174	40,603,992

Expected credit loss measurement

The Fund does not have a formal internal grading mechanism. Credit risks are generally managed on the basis of external credit ratings of counterparties.

Under the general approach of IFRS 9 ECL, the financial assets are classified into three stages. Each stage indicates the credit quality of the particular financial asset.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements**For the year ended 31 December 2025**

(All Amounts in Saudi Arabian Riyals)

14. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT(CONTINUED)**Credit risk (continued)****Expected credit loss measurement (continued)**

The Fund manager has assessed its financial assets carried at amortized cost. No provision for impairment of these financial assets was recognized since the carrying amount in its entirety was not material.

The Fund's maximum undiscounted exposure to credit risk for the components of the statement of financial position and the respective expected credit loss is as follows:

	31 December 2025		31 December 2024	
	Exposure	ECL	Exposure	ECL
Cash balances	24,404,174	-	40,603,992	-
Dividend receivable	-	-	-	-

Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every business day and it is, therefore, exposed to the liquidity risk of meeting Unitholder redemptions on these days. The Fund's financial liabilities primarily consist of payables which are expected to be settled within one month from the statement of financial position date.

The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the Fund Manager.

Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to Unitholders.

Fair value estimation

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments carried at amortized cost are assumed to approximate their fair values.

DERAYAH FREESTYLE SAUDI EQUITY FUND

Open-Ended Investment Fund

Notes to the financial statements**For the year ended 31 December 2025**

(All Amounts in Saudi Arabian Riyals)

14. FINANCIAL INSTRUMENTS FINANCIAL RISK MANAGEMENT(CONTINUED)**Fair value estimation (continued)**

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The table below presents the financial instruments at their fair value as at December 31, based on the fair value hierarchy:

	31 December 2025			
	Level 1	Level 2	Level 3	Total
Investment carried at FVPL	1,698,272,754	-	-	1,698,272,754
Total	1,698,272,754	-	-	1,698,272,754

	31 December 2024			
	Level 1	Level 2	Level 3	Total
Investment carried at FVPL	1,833,449,930	-	-	1,833,449,930
Total	1,833,449,930	-	-	1,833,449,930

15. SUBSEQUENT EVENTS

As of the date of approval of these financial statements, there have been no significant subsequent events requiring disclosure to or adjustment in these financial statements.

16. LAST VALUATION DAY

The last valuation day of the year was 31 December 2025 (31 December 2024).

17. RECLASSIFICATION

Certain comparative figures have been reclassified to conform to the current year's presentation.

18. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements were authorized for issue by the Fund Board of Directors on 09 Ramadan 1447H (corresponding to 26 February 2026).
